

# 2510H Rebuild Kits

JOHN DEERE

## 2510H Row Unit Rebuild Kits

To make it easier to repair the wear components on the 2510H High Speed Applicator, we have developed row unit repair kits. Each one contains all the components needed to rebuild an 11, 15, 16, or 23 row unit. Kits include:

- Disk Opener
- Beaver Tail
- Scraper
- Compression Spring
- Scraper Vent Plug
- Hardware

Part Number	Description
BKK11410	2510H REBUILD KIT (11 Row)
BKK11411	2510H REBUILD KIT (15 Row)
BKK11412	2510H REBUILD KIT (16 Row)
