

GET ON THE WINNING TRACK

When we asked owners and operators like you — the ones who run them — for your ideas on what makes a great compact track loader, you helped us redefine our proven G-Series models. You wanted more power under the hood. And increased lift height, reach, stability, and breakout force. Plus optional LED side lighting, rearview camera, anti-vibration undercarriage system, and flexible grade-control solutions including fully integrated SmartGrade™. Putting us through the paces has helped put the 333G on track for even more performance — and your operation in the running for some pretty big wins.

Armed forces

Extreme pushing power and bucket breakout forces deliver the tractive effort and leverage to carve out clay, plow through piles, and handle large loads.

Smooth operator

Optional anti-vibration undercarriage system* allows higher travel speeds over rough terrain with better material retention and lower operator fatigue. Bogie system enables smoother transitions over uneven surfaces. *Only for zigzag-bar tracks; not compatible with SmartGrade or SmartGrade with Slope Control.

Put production on repeat

Optional electrohydraulic (EH) boom performance package shortens cycle times and speeds production in repetitive boom applications.

Load warrior

Height to hinge pin of 11 feet enables the 333G to easily load tandem-axle dump trucks, fill hoppers, and feed mixers. Additional reach comes in handy for moving pallets of pavers or other weighty cargo.

Take control your way

EH ISO-pattern joystick controls that allow customized machine operations based on operator preference come standard. EH four-way controls, including EH foot control, ISO joystick control, H-pattern joystick control, and ISO and foot controls, are optional.

333G COMPACT TRACK LOADER

GRADE IT EASY

WITH JOHN DEERE **GRADE-CONTROL OPTIONS**

- Onboard grade-indication provides a real-time readout of cross-slope (machine roll) and mainfall slope (machine pitch) on the in-cab monitor. Use relative value readout to alter grades relative to existing or reference grades.
- **Slope Control** lets operators automatically maintain blade position without using external lasers or GNSS, to hold grade with less effort, corrections, and adjustments. Laser option helps make Slope Control even more productive.
- The first CTL to feature fully integrated 3D-grade-control technology, the 333G SmartGrade includes our operator-friendly DozerMode control system. Pushing a button on the sealedswitch module switches to the EH control pattern to enable intuitive crawler operation. Deere-designed and -built six-way SG96 Dozer Blade is tough enough to cut grade but can also smoothly spread or precisely fine-grade materials.

Packed for productivity

Low center of gravity, 35-degree bucket rollback, optional ride control, and optional hydraulic self-leveling help keep forks loaded and buckets full. Add capacity with up to three sets of rear counterweights.

Balanced by design

Longer track frames and optimized roller spacing improve balance and stability, to enhance agility and operator comfort compared to previous models.

Room with a view

Large cab entryway with swing-out door, generous foot- and legroom, sealing and pressurization to minimize dust and noise, and deluxe vinyl suspension seat optimize operator comfort. Easy-to-read LCD monitor reveals a wealth of vital operating info and advanced diagnostics.

Seeing is believing

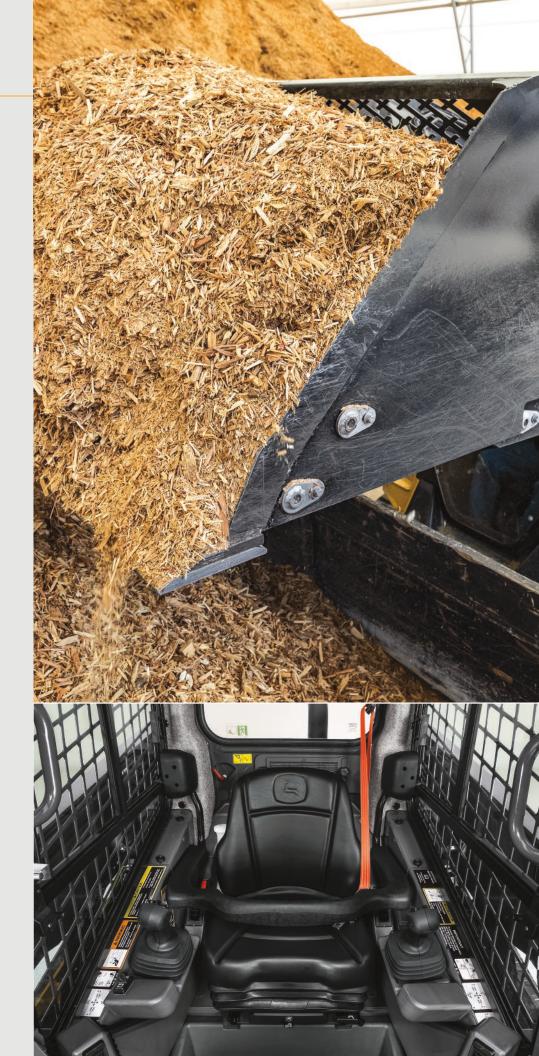

Clear sightlines to the cutting edge and bucket corners, above and below the lift arms, and the jobsite ahead and behind instill confidence in close quarters. Optional LED side lighting and rearview camera further enhance visibility.

Within easy reach

Tilt the hood up for convenient ground-level access to the dipstick, filters, and fuel and fluid fills. Neat freaks and rental yards can appreciate the convenient cab-footwell access that helps speed cleaning.

Choose to connect

Equip your CTL with your choice of over 100 available John Deere attachments to expand the flexibility of your operation. Increased auxiliary hydraulic flow and power compared to previous models boosts attachment performance.

Engine	333G / 333G SMARTGRADE™

Additional equipment

	•	
333G	Engine	
•	Meets EPA Final Tier 4/EU Stage IV emissions	_
•	Yanmar 4TNV94FHT	
•	Auto-idle	
•	Automatic fan tensioner	
•	Automatic preheat	
•	Electronic injection system	

- Fuel tank, 114 L (30 gal.) John Deere COOL-GARD™ II Extended-Life Engine Coolant
- John Deere Plus-50™ 10w30 initial engine oil fill[®]
- 4-cylinder 74.6 kW (100 gross hp)/72.0 kW (96.6 net hp), 3.1-L (186.3 cu. in.) displacement
- 5-micron primary fuel filter and water separator
- Cold-weather starting package

Engine air precleaner kit

Cooling System

- Coolant surge tank
- Variable-speed hydraulically driven fan cooling system
- Reversing fan drive

- High-torque heavy-duty planetary-reduction final drive
- Automatic spring-applied hydraulically released wetdisc park brake
- Wet-disc brakes
- Transmission, 2 speed

Hydraulic System

- John Deere hydraulic cylinders with cushioned boom
- John Deere heat-treated, chrome-plated cylinder rods with replaceable bushings
- Connect-under-pressure auxiliary couplers
- Quick-check hydraulic fluid-level sight glass
- 1,000-hour, 5-micron hydraulic filter
- High-flow hydraulics
- Axial-piston hydrostatic pump

- Automatic engine/hydraulic shutdown protection system
- Auxiliary hydraulics operator-presence system
- Courtesy lighting
- Deluxe instrumentation EMU with: Operator-selectable monitoring – Hour meter, engine rpm, battery voltage, diagnostics, EMU configuration, engine coolant temperature, hydraulic oil temperature / LED

warning indicators – Glow plug, seat switch, seat belt, door open, auxiliary hydraulics, park brake engaged, 2-speed engaged, stop, low engine oil pressure, engine coolant over-temperature, battery not charging, air filter restriction, and hydraulic filter restriction

- Deluxe LED lighting package with additional cabintegrated side lights (2)
- Front and rear halogen work lights
- Triple-interlock operator-presence control system
- Backup alarm
- Battery, 925 CCA
- Horn
- Hazard warning lights
- Strobe light, amber

Operator's Station

- Deluxe cab headliner
- Electrohydraulic (EH) ISO-pattern joystick controls
- ISO-H switchable joystick controls and EH joystick performance package*
- 4-way switchable controls include EH foot control, ISO joystick control, H-pattern joystick control, and ISO and foot controls
- ISO controls with programmable detents and EH boom performance package;† also includes EH joystick performance package*
- Kevless-start sealed-switch module with integrated antitheft system and operator memory preference settings
- Electronic push-button auxiliary controls
- Pull-down adjustable lap bar
- Quick-pivot ROPS
- Rear window
- Removable top window
- Sliding/locking/removable glass side windows
- ROPS/FOPS operator structure
- Glass cab enclosure
- Seat belt, 51 mm (2 in.), retractable
- Shoulder belt, 51 mm (2 in.) or 76 mm (3 in.)
- Severe-duty cab door and wiper system
- Water-shedding deluxe vinyl suspension seat
- Air-ride cloth heated seat
- Air-ride vinyl seat
 - 12-volt power port / Dome light / Cargo storage / Beverage holder

Key: ● Standard ▲ Optional or special See your John Deere dealer for further information.

Operator's Station (continued)

- Air conditioning with heater/defroster
- AM/FM radio with auxiliary input and Bluetooth® for audio streaming
- Floor mat with left footrest
- Rearview mirror
- Rearview camera

Loader

- In-cab boom lockout to secure loader before exiting seat
- Patented John Deere Quik-Tatch™ (no grease required)
- Power Quik-Tatch
- Patented John Deere vertical-lift boom
- Hydraulic self-leveling on/off and ride control

- SmartGrade \blacktriangle
- Slope Control
- Laser Slope Control
- Onboard grade indication: This option delivers onboard readout within LCD monitor that provides slope of blade (cross-slope direction) and mainfall (fore/aft direction) within ±0.5-percent accuracy
- Convenient front and rear tie-downs
- Environmental drains for all fluid reservoirs
- Chrome exhaust stack
- Engine oil/hydraulic fluid-sampling kit
- Forestry protection packages
- Heavy-duty rear grille
- Rear counterweights (available in sets of 1, 2, or 3), 78 kg (172 lb.) (each set)
- Single-point lift kit
- SMV sian kit
- Anti-vibration undercarriage system
- Track, 400-mm (15.8 in.) wide
- Track, 450-mm (17.7 in.) wide
- JDLink™ wireless communication system (available in specific countries; see your dealer for details)

β500-hour engine oil-change intervals when John Deere Plus-50 oil and John Deere oil filter are used.

*EH joystick performance package features switchable accelerator/ decelerator, selectable propel speeds, creep control, boom- and bucket-speed settings, and 12-volt 3- and 14-pin attachment-control harness with dash-mounted 4th-function rocker switch.

[†]EH boom performance package features include EH bucket self- level up and down, return to dig, return to carry, and boom-height kick-out.
