

TAKE IT ALL IN STRIDE

332G

DEERE

Over the years, we've relied on owners and operators like you to weigh in on what makes our equipment work for the work you do. Inspired — and challenged — by what you pointed out, we've reimagined our large-frame 332G Skid Steer in some pretty big ways. We added more power under the hood. Maximized lift height, dump clearance, reach, stability, and breakout force. And amped-up the options to include your choice of control styles and performance features, onboard grade-indication, and high-flow auxiliary hydraulics. All so you can effortlessly tackle your toughest tasks and come back for more.

Lange and the sent that the state of the sentence

332G SKID STEER

FEATURES

Take control your way

Electrohydraulic (EH) ISO-pattern joystick controls that allow customized machine operations based on operator preference come standard. EH four-way controls, including EH foot control, ISO joystick control, H-pattern joystick control, and ISO and foot controls, are optional.

Heavyweight champion

Increased rated operating capacity of 3,600 pounds provides the muscle you need to master heavy loads.

Load warrior

Height to hinge pin of 11 feet enables the 332G to easily load tandem-axle dump trucks, fill hoppers, and feed mixers. Additional reach to truck-bed height comes in handy for moving pallets of pavers or other weighty materials.

Productive performance

Shorten cycle times and speed production in repetitive boom applications with the optional EH boom performance package that automates functions.

Get in the speed zone

Standard two-speed transmission delivers travel speeds of up to 12 miles per hour, for rapid work cycles that push productivity even further.

Improve your grades

Optional onboard gradeindication provides a real-time readout of cross-slope (machine roll) and mainfall slope (machine pitch) on the in-cab monitor. Reference **absolute value**, or machine relationship to an absolute flat plane, to easily grade a flat pad. Access **relative value**, or machine relationship to the existing grade, to steepen that grade.

Big ideas that deliver

Large cab entryway with swing-out door, generous foot- and legroom, sealing and pressurization to minimize dust and noise, and adjustable highback sculpted seat optimize operator comfort. Easy-to-read LCD monitor reveals a wealth of vital operating info and advanced diagnostics.

Seeing is believing

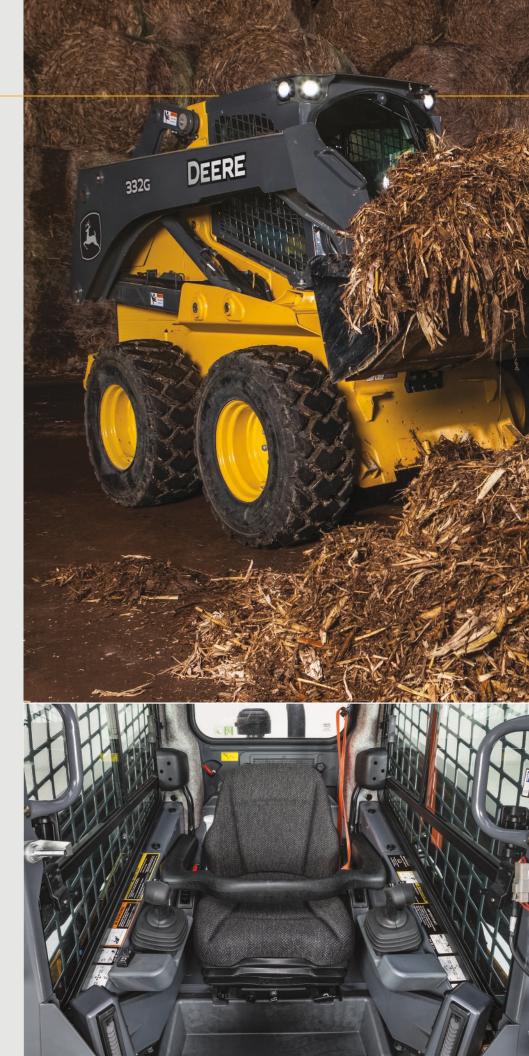

Clear sightlines to the cutting edge and bucket corners, above and below the lift arms, and the jobsite ahead and behind instill confidence in close quarters. Optional LED side lighting and rearview camera further enhance visibility.

Within easy reach

Tilt the hood up for convenient ground-level access to the dipstick, filters, and fuel and fluid fills. Neat freaks and rental yards can appreciate the convenient cab-footwell access that helps speed cleaning.

Packed for productivity

Low center of gravity, 35-degree bucket rollback, optional ride control, and optional hydraulic self-leveling help keep forks loaded and buckets full. Add capacity with up to three sets of rear counterweights.

332G

DEERE

OPTIONAL ONBOARD GRADE-INDICATION EASES GRADING ON SLOPES & FLAT PADS

Versatile connections

Equip your skid steer with your choice of over 100 available John Deere attachments to expand the flexibility of your operation. Increased auxiliary hydraulic flow and power compared to previous models help boost attachment performance.

Safety first

Standard personal-protection features include in-cabactivated boom lock and triple-interlock system that detects the presence of the operator to help keep harm's way at bay.

Remote diagnostics and support

To maximize uptime and lower costs, JDLink[™] connectivity provides machine location, utilization data, and alerts to help you maximize productivity and efficiency. JDLink also enables John Deere Connected Support[™]. Dealers use Expert Alerts based on data from thousands of connected machines to proactively address conditions that may otherwise likely lead to downtime. Your dealer can also monitor machine health and leverage remote diagnostics and programming capability to further diagnose problems and even update machine software without a timeconsuming trip to the jobsite.*

*Availability varies by region. Options not available in every country.

Additional equipment

Key: ● Standard ▲ Optional or special

332G Engine

- Meets EPA Final Tier 4/EU Stage IV emissions
- Meets EPA Interim Tier 4/EU Stage IIIB emissions
- Yanmar 4TNV94FHT
- Yanmar 4TNV94CHT
- Auto-idle
- Automatic fan tensioner
- Automatic preheat
- Electronic injection system
- Engine air precleaner kit
- Fuel tank, 96.5 L (25.5 gal.)
- John Deere COOL-GARD[™] II Extended-Life Engine Coolant
- John Deere Plus-50[™] 10w30 initial engine oil fill[®] 4-cylinder 74.6 kW (100 gross hp)/72.0 kW
- (96.6 net hp), 3.1-L (186.3 cu. in.) displacement
- 5-micron primary fuel filter and water separator
- Cold-weather starting package

Cooling System

- Coolant surge tank
- Variable-speed hydraulically driven fan cooling system
- Reversing fan drive

Powertrain

- High-strength adjustment-free final-drive chains Automatic spring-applied hydraulically released
- wet-disc park brake Wet-disc brakes
- Transmission, 2 speed
- Hydraulic System
- John Deere hydraulic cylinders with cushioned boom cylinders
- John Deere heat-treated, chrome-plated cylinder rods with replaceable bushings
- Connect-under-pressure auxiliary couplers
- Quick-check hydraulic fluid-level sight glass
- 1,000-hour, 5-micron hydraulic filter
- High-flow hydraulics
- Axial-piston hydrostatic pump

Electrical

- Automatic engine/hydraulic shutdown protection system
- Auxiliary hydraulics operator-presence system
- Courtesy lighting

- Deluxe instrumentation EMU with: Operatorselectable monitoring – Hour meter, engine rpm, battery voltage, diagnostics, EMU configuration, engine coolant temperature, hydraulic oil temperature / LED warning indicators – Glow plug, seat switch, seat belt, door open, auxiliary hydraulics, park brake engaged, 2-speed engaged, stop, low engine oil pressure, engine coolant over-temperature, battery not charging, air filter restriction, and hydraulic filter restriction
- Deluxe LED lighting package with additional cab-integrated side lights (2)
- Front and rear halogen work lights

Electrical (continued)

- Triple-interlock operator-presence control system
- Backup alarm

332G

- Battery, 925 CCA
- Hazard warning lights
- Strobe light, amber
- Horn

Operator's Station

- Deluxe cab headliner
- . Electrohydraulic (EH) ISO-pattern joystick controls
- ISO-H switchable joystick controls and EH joystick performance package³
- EH 4-way controls include EH foot control, ISO joystick control, H-pattern joystick control, and ISO and foot controls
- ISO controls with programmable detents and EH boom performance package;[†] also includes EH joystick performance package*
- Onboard grade indication: Grade-control option delivers onboard readout within LCD monitor that provides slope of blade (cross-slope direction) and main-
- fall (fore/aft direction) within ±0.5-percent accuracy Keyless-start sealed-switch module with integrated anti-theft system and operator memory preference
- settinas
- Electronic push-button auxiliary controls
- Pull-down adjustable lap bar
- Quick-pivot ROPS
- Rear window
- Removable top window
- Sliding/locking/removable glass side windows ▲
- **ROPS/FOPS** operator structure
- Glass cab enclosure
- Seat belt, 51 mm (2 in.), retractable
- Shoulder belt, 51 mm (2 in.) or 76 mm (3 in.)

See your John Deere dealer for further information.

Severe-duty cab door and wiper system

Operator's Station (continued)

332G

Water-shedding deluxe vinyl suspension seat Deluxe vinyl suspension seat Air-ride cloth, heated seat Air-ride vinvl seat 12-volt power port / Dome light / Cargo storage / • Beverage holder Air conditioning with heater/defroster AM/FM radio with auxiliary input and Bluetooth® for audio streaming Floor mat with left footrest Rearview mirror Rearview camera Loader In-cab boom lockout to secure loader before exiting seat Patented John Deere Quik-Tatch[™] (no grease required) Power Quik-Tatch ▲ Patented John Deere vertical-lift boom Hydraulic self-leveling on/off and ride control Other Convenient front and rear tie-downs Environmental drains for all fluid reservoirs 14 x 17.5 12 PR Extra Wall 14 x 17.5 14 PR Hauler

- Chrome exhaust stack
- Engine oil/hydraulic fluid-sampling kit
- Forestry protection packages
- Heavy-duty rear grille
- Rear counterweights (available in sets of 1, 2, or 3), 78 kg (172 lb.) (each set)
- Single-point lift kit
- SMV sign kit
- Spare tire and wheel
- Tire options: SKS Extra-Wall, Galaxy Beefy Baby III,
- Galaxy Hulk, and Brawler Solid-Flex
- JDLink[™] wireless communication system (available in specific countries; see your dealer for details)

^β500-hour engine oil-change intervals when John Deere Plus-50 oil and John Deere oil filter are used.

*EH joystick performance package features switchable accelerator/ decelerator, selectable propel speeds, creep control, boom- and bucket-speed settings, and 12-volt 3- and 14-pin attachmentcontrol harness with dash-mounted 4th-function rocker switch. *EH boom performance package features include EH bucket self-level up and down, return to dig, return to carry, and boom height kick-out.

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Net engine power is with standard equipment including air cleaner, exhaust system, alternator, and cooling fan, at standard conditions per SAE J1349 and DIN 6270B, using No. 2-D fuel at 35 API gravity. Gross power is without cooling fan. Specifications and design subject to change without notice. Wherever applicable, specifications are in accordance with SAE standards. Except where otherwise noted, these specifications are based on a unit with standard equipment, full fuel tank, and 79-kg (175-lb.) operator.
